Stand E30

Handicare seminars at Occupational Therapy Show 2016 Continual Professional Development (CPD)

Are you looking to widen your knowledge base and review current practice in transfers and lifting? Join our professional seminars at the Occupational Therapy Show, from 23-24 November 2016 at the NEC Birmingham!

- 11.00 – 11.30: **Maintaining good posture and comfort in a profiling bed – Mark Ripley**
How using simple solutions can potentially reduce how clients migrate down the bed, increase comfort for the individual and reduce workload for the carer specifically in single carer situations.
- 12.00 – 12.30: **Sit to stand / stand to sit – Mark Ripley**
How effective use of an assistive device to facilitate sit to stand can have a positive impact for the client and carer
- 13.00 – 13.30: **Activating repositioning and Turning in bed with a single carer – Mark Ripley**
Looking at how working with the WendyLett can potentially reduce the workload for the carer and increase the comfort for the client during turning and reposition of clients in bed
- 14.00 – 14.30: **Barriers to reducing care - Deborah Harrison**
Wednesday Highlighting the plus size person
- 14.00 – 14.30: **Barriers to reducing care - Deborah Harrison**
Thursday Highlighting the person with challenging behaviour.
- 15.00 – 15.30: **Reducing the care package for plus size individuals – Mark Ripley**
Reduce the manpower required in delivering care for the plus size client without compromising safety of the carer or the client.
